

Protect your Computer

Do you know how to protect your online privacy, to do online banking securely and to do shopping online safely

For good advice go to:

the Government website:

<https://www.ncsc.gov.uk/cyberaware/home>

Here there are tips on what makes **strong passwords**, security software (e.g. **anti-virus** software) and encouraging you to download software updates.

If you want further more detailed advice on these and related matters,

Go to:
